## **AT ST. PETERSBURG STATE UNIVERSITY**

St. Petersburg is an ex-capital of Russia

It was founded by Peter the Great, the most successful Russian reformer

The city is young, as it was born in 1703

The city is absolutely unique:

Both the city center and the city skyline  
are UNESCO world cultural heritage objects

...but the best things you find inside, not only outside

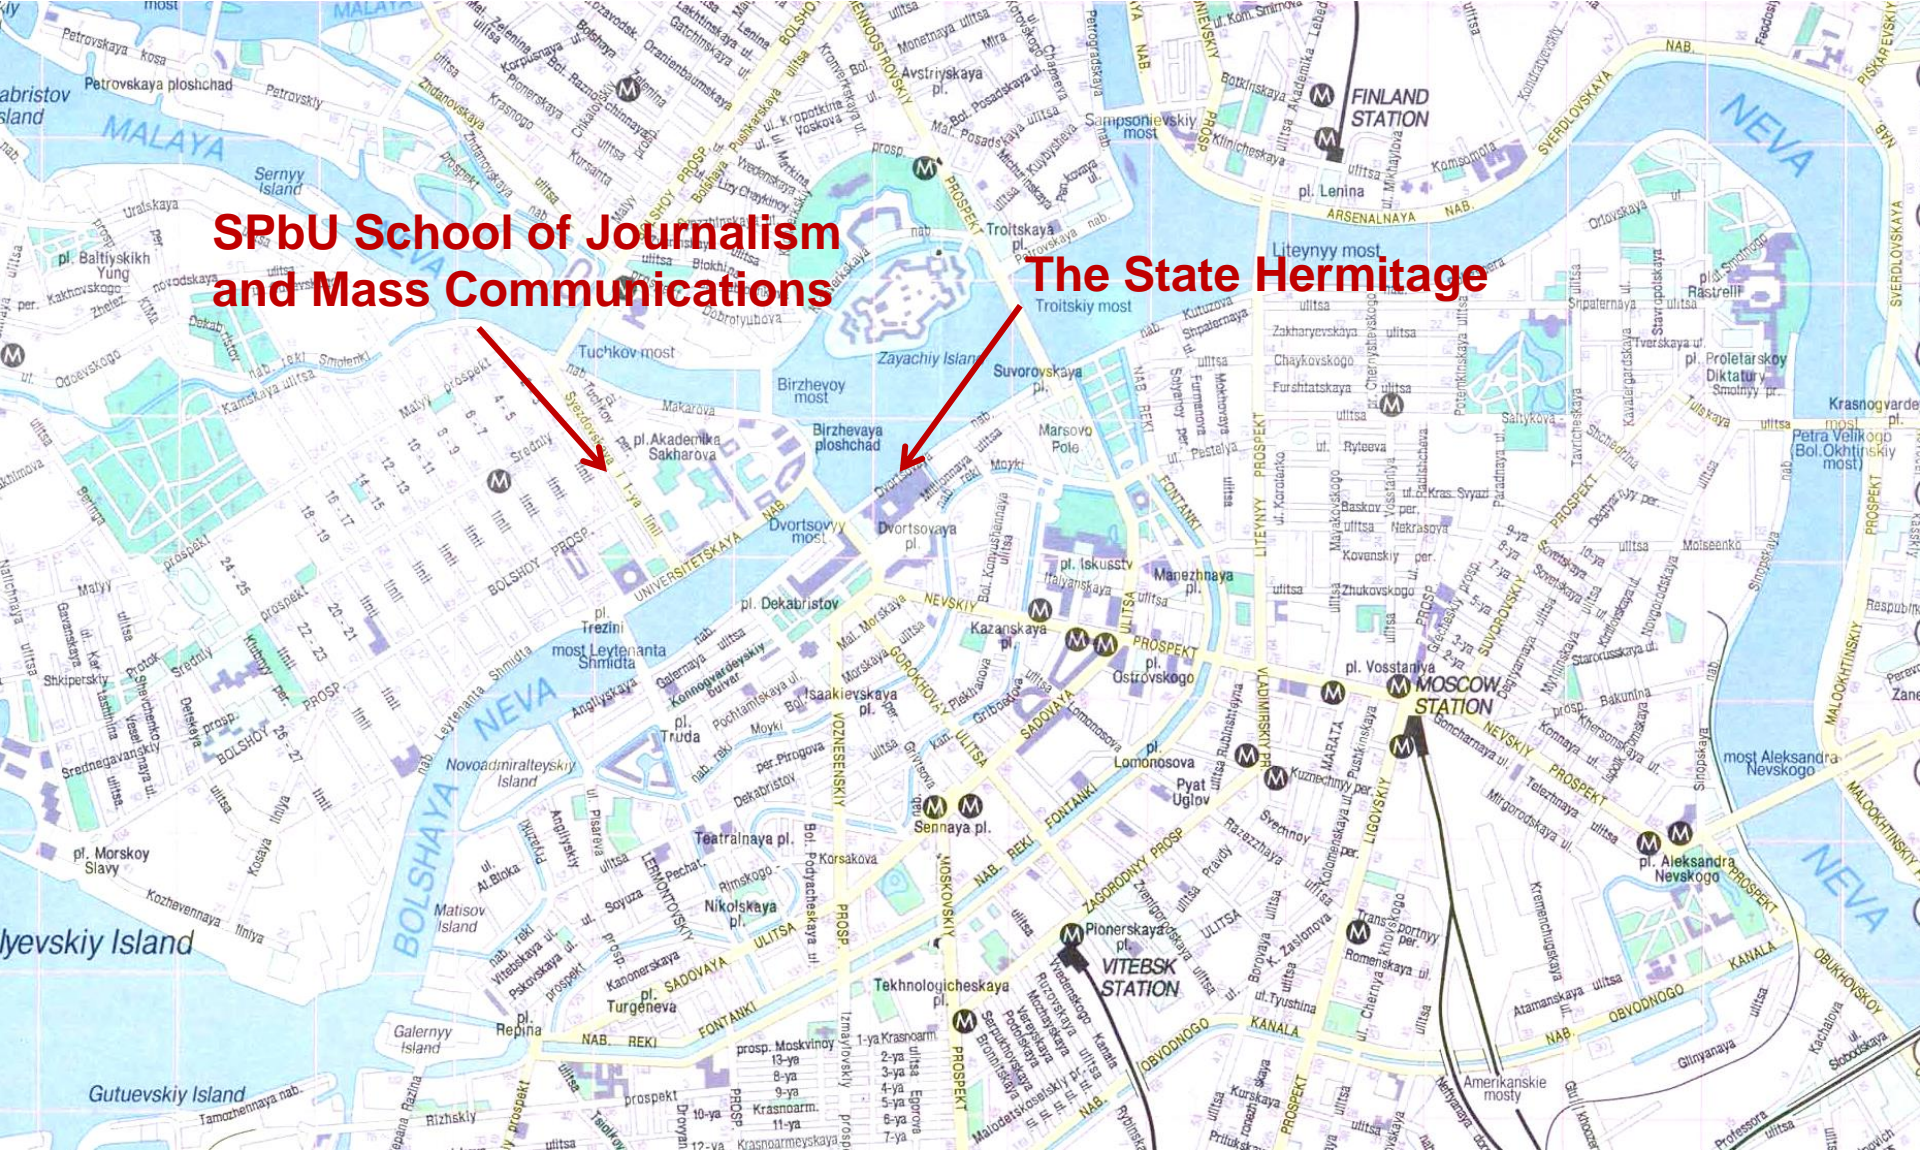

The State Hermitage is top 3 museum in the world  
by its estimated collection value

...and sometimes 'outside' means 'outside the city'
